He holds more than 8 years of experience in project management, operations and planning, renewable energy systems design and provides the organizational leadership and strategic progression.

The company has employed a highly qualified team/consultants with a wide range of professionals with working experience in their areas of expertise.

OUR HEALTH & SAFETY POLICY

This health and safety policy statement outlines how we manage health and safety and demonstrates our commitment to the health and safety of our employees and others around working stations.

We understand that we have a responsibility to protect our employees and others from harm caused by work activities.

The following items are what constitute our health and safety policy:

Training of personnel on correct usage of machinery and also on the use and application of first aid should an accident occur.

Making sure that all personnel are clad in proper PPE at all times during all operations and at all working stations.

Putting up of Safety signs in working areas to alert employees, residents and visitors of working areas.

Making sure a full emergency response plan is readily available at all times in the working areas

AZMA TECHNOLOGY COMPANY LIMITED IS ALSO REGISTERED WITH THE WORKERS COMPENSATION FUND CONTROL BOARD TO ENSURE THAT OUR EMPLOYEES ARE WELL TAKEN CARE OF WHEN AN ACCIDENT OCCURS.

OUR SERVICES

Power Electricals Supply and Installation Services

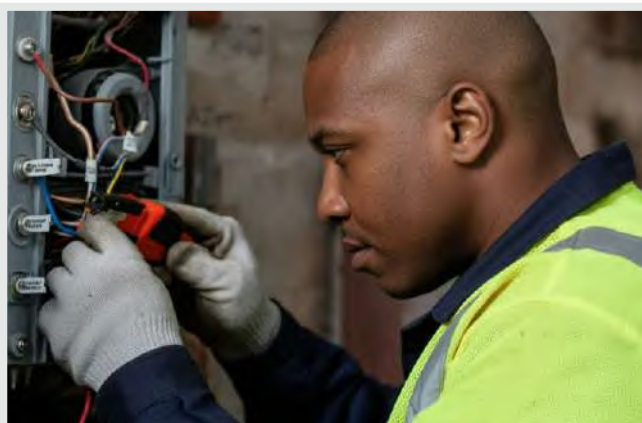

We Provide Electrical Design and Consultation

We conduct comprehensive planning and consultation for residential, commercial, and industrial power needs. Our team assesses energy requirements and designs tailored systems to optimize efficiency and safety.

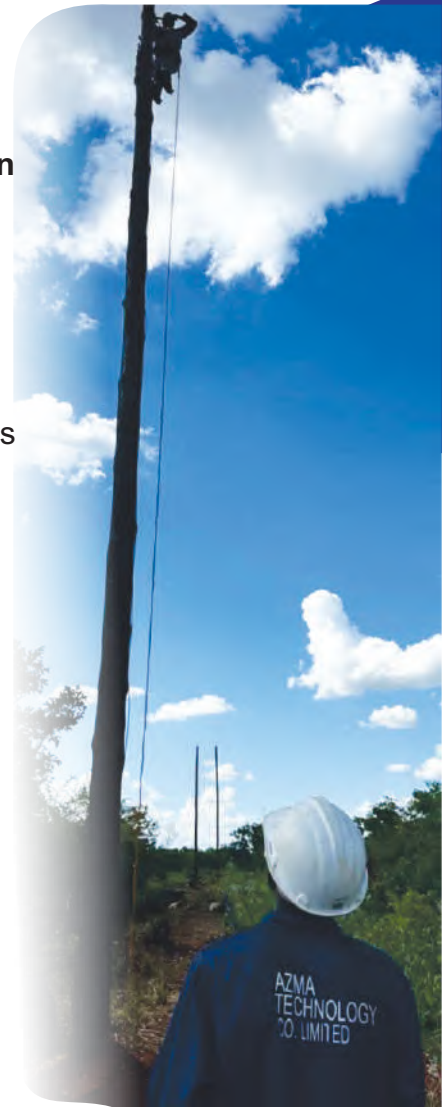

We Install Wiring and Cabling

We handle the installation of high-quality wiring and cabling solutions for various applications, ensuring compliance with safety standards and proper routing for easy maintenance.

We Offer Electrical Maintenance and Repairs

We provide routine and emergency maintenance services for electrical systems, addressing issues promptly to minimize downtime and ensure safety.

Water Reticulation Supply and Installation Services

We Design and Install Comprehensive Water Reticulation Systems

We assess your needs and provide tailored designs for water reticulation systems, including the installation of pipelines and pump stations to ensure reliable water supply and efficient distribution.

We Implement Advanced Water Treatment Solutions

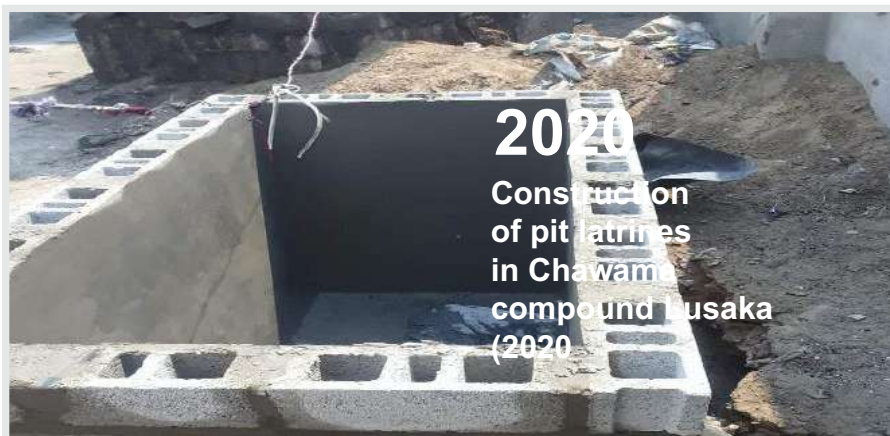

We install state-of-the-art water filtration and treatment systems, ensuring the delivery of safe, clean water while also providing ongoing maintenance to optimize system performance.

SERVICE WORK PORTFOLIO

Azma Technology Company Limited undertakes construction and all engineering related works and general supply in the following areas;

Construction

Our passion is to see building structures that do not just provide shelter but are true reflections of the Civil Engineering propels our team to work on buildings structures with such precision and excellence.

SERVICE WORK PORTFOLIO

Azma Technology Company Limited undertakes construction and all engineering related works and general supply in the following areas;

Construction

Our passion is to see building structures that do not just provide shelter but are true reflections of the Civil Engineering propels our team to work on buildings structures with such precision and excellence.

Electrical & Mechanical Engineering

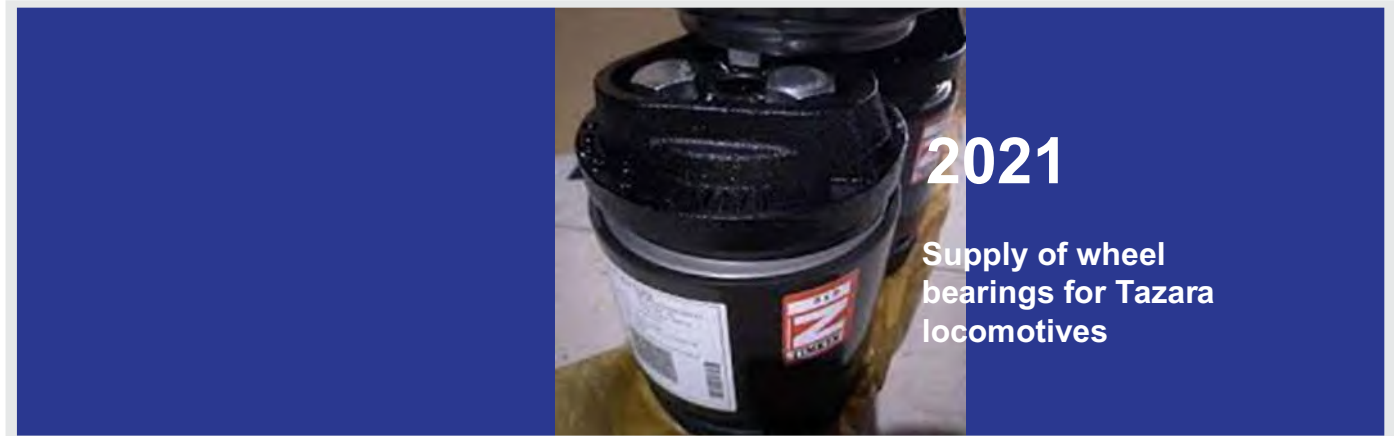

We have built a team of dedicated Electrical, Mechanical Engineers and technicians who have in the recent past done projects on both domestic as well as industrial scale. We design and install electrical systems domestic and commercial feeder pillars, changer over switches, control systems, lighting, sound systems etc.

Installation of a 350 Hinged feeder pillar and residential aircons.

We install all manner of air conditioning units in houses and offices alike within the budget limits of our clients. We have a policy of never compromise on the quality and standard no matter the budget limit of the client.

Dear Sir

**RE: STANDARD LICENCE FOR THE MANUFACTURE, SUPPLY,
INSTALLATION AND MAINTENANCE OF RENEWABLE ENERGY
GENERATING EQUIPMENT**

Please find enclosed herewith, the *Licence for the Manufacture, Supply, Installation and Maintenance of Renewable Energy Generating Equipment* including the importation of solar energy equipment that has been issued to you for a period of five (5) years. This licence supersedes the provisional licence issued to you on 5th December 2024.

You are further, reminded that, as a licence holder you are obliged to strictly adhere to, among other conditions stipulated in the Energy Regulation Act No. 12 of 2019, the following conditions:-

- i) Present a pre-export verification of conformity for each consignment of solar products, issued by an accredited certification body, at point of entry into the country.
- ii) Compliance with any regulations, standards, codes of practice and procedures as may be applicable to the licensed activities and as may be reviewed and amended by the legislature, the ERB and other Zambian Government agencies from time to time.

Kindly be advised that you are required to adhere to all other licence conditions as outlined in the licence.

Yours faithfully
